#### RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from July I to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

Notice Change—Our yearly totals now all date from July 1.

#### Totals for Fiscal Year.

In the full page statement on the preceding page we show the gross earnings of all roads for the period from July 1, that being now the beginning of the fiscal year of the great majority of the roads. There are, however, some roads that still have their own fiscal years. These with their dates are brought together in the following.

Street Railway Net Earnings.—The following table gives the returns of Street railway gross and net earnings received this week. In reporting these net earnings for the street railways, we adopt the same plan as that for the steam roads—that is, we print each week all the returns received that week, but once a month (on the third or the fourth Saturday), we bring together all the roads furnishing returns, and the latest statement of this kind will be found in the Chronicle of October 19, 1901. The next will appear in the issue of November 23, 1901.

#### Railroad Securities Company.

(Official Statement.)

The company in its statement to the New York Stock Exchange upon the listing of the \$8,000,000 of 3½ per cent fifty-year gold bonds (Illinois Central stock collateral, series "A,") says in part:

says in part:

The Railroad Securities Co. was organized in February, 1896, under the laws of New Jersey, under the name of the American Securities Investment Co. In December, 1900, its certificate of incorporation was amended, the present name adopted and active business begun. The bonds are secured by the deposit and pledge with the trustee of \$9,000,000 capital stock of the Illinois Central RR. Co. The issue of said bonds is limited to \$10,000,000, and the \$2,000,000 of additional bonds can be issued only against the deposit and pledge with the trustee of the same amount in par value of additional stock of the Illinois Central RR. Co. The bonds are dated as of Jan. 2, 1901, and mature on Jan. 1,1951. All or any of the bonds are redeemable at par, and a premium of 5 per cent on any first day of January or July upon three calendar months' previous notice. In case a part of the bonds are to be redeemed, the particular bonds to be redeemed shall be ascertained by drawings by lot to be made by the trustee. The deed of trust provides that the company may withdraw the pledged charces of stock, or any part of them, by depositing \$110 in goid per share with the trustee, and that any moneys so deposited shall be applied to the redemption of bonds. The company has no floating debt and no obligations other than current bills and the said issue of bonds.

#### Cleveland Lorain & Wheeling Railway.

(Report for the year ending June 30, 1901.)

President Walter R. Woodford says.

As compared with the previous year, there was a decrease in earn lags of \$25,921, or 1 per cent, and a decrease in net revenue of \$442. The liability for account of car trusts was reduced during the year

from \$174,476 to \$93,852. The decrease in the gross carnings is due to the later opening this year of lake navigation, and consequent decrease in ore and coal shipments.

The physical condition of the property has been maintained at a high standard and in many respects improved. There have been laid in main track 22.4 miles of 80-lb. steel rail; there are now in main line 93 miles of 80-lb rails; 217,521 ties were laid, 159,416 of which were used in main track and 58,105 in side-track renewals, and 24,-287 in construction of 83 miles of new sidings, etc. For bank widening and ballast 147,900 cubic yards of gravel and 33,101 cubic yards of furnace slag and other material were distributed; 262 feet of pile and frame trestle have been replaced by stone culverts, and contracts let for 775 feet of steel girders to replace other trestles and pile bridges. The equipment was increased during the year by the purchase of 5 freight engines, 150 box cars, 500 stock cars, 500 coal cars, 1 business car, 1 steam wrecking crans.

The grade improvements at Sheffield and Balden have been completed, and the benefits resulting are shown in the increased number of tons of revenue freight carried per train mile, and the reduction in the ratio of operating expenses to gross earnings. The average number of tons carried per train mile for the year was 461, an increase of 72 tons per train as compared with the previous year. Other grade reductions are about to be undertaken.

Of the 3,634,045 tons carried in 1900-01, coal and coke fur-

Of the 3,634,045 tons carried in 1900-01, coal and coke furnished 1,876,806 tons and ore 490,182 tons; freight earnings per train mile, \$2 40 in 1900-01, against \$1 87 in 1899-00.

(Report for the fiscal year ending June 30, 1901.)

The report of the Vice-President and General Manager ontains the following:

The report of the vice-freshdent and General Manager contains the following:

A dividend of 5 per cent on the preferred stock was declared and paid during the fiscal year, and for the first time in the history of the property a dividend of 2½ per cent on the common stock has since been declared and paid.

The increase in earnings is due to the extension of 40 miles into the Stamford country and to general prosperity during the year, caused by good cotton and grain crops. During the season 119,465 bales of cotton were handled, an increase over lust year of 68,185 bales and of 28,465 bales over the largest number ever handled before, which was in the season of 1898. The increase in the amount expended in maintenance of way and structures as compared with 1900 represents not only improvements in the roadway and track, but additions of new steel bridges, masonry, buildings, etc., together with spikes and fastenings, and frogs and switches, for 25 miles of steel that has been purchased and is now being hald between Cisco and Albany. The large increase in cost and maintenance of equipment is mainly due to the purchase of an entire new passeager train, 20 fast cars, 11 ballast cars and 3 tocomotives, as well as the increased volume of business and consequent increased movement and wear and tear of equipment, cost of material, wages, etc.

The increase in cost of conducting transportation is due to the large increase in volume of tonnage moved, wages, and cost of fuel, oil and other commodities that enter into the cost of conducting transportation. The gross carnings per mile on 225 miles in 1900-01 were \$3,144; on an average of 194 miles in 1899-00, \$1,935. [The tons carried one mile in 1900-01 numbered 15,486,142, against 6,887,610 in 1899-00; revenue per ton per mile, 3:3228 cents, against 2:689 cents in 1899-00; expenses, charges, etc., have been as follows:

(Official Statement.)

President A. K. Brown recently issued a pamphlet to the tockholders regarding the company's affairs. The pamphlet says in part:

swap in part:

The company has received \$1,200,000 (amount paid in on the prefured stock) of which \$924,346 has been paid for the patents, leaving
\$5,000 still payable; there has been expended \$275,654 in the erection of the demonstration works at Sault Ste. Marie, and for the expeace incidental to the formation and maintenance of the company,
the sacts include the assets of the Canadian Electro-Chemical Co.
which cover the demonstration works now in operation, and the

(Report for year ended July 31, 1901.)
The balance sheet of July 31, 1901, was given in the Chronicle of Sept. 28, page 663. President F. T. Clates says:

CHRONICLE of Sept. 28, page 663. President F. T. Gates says:
The majority of the present board of directors and the principal officers now serving were elected June 10, 1901. " "I present herewith a general statement of the company of July 31, 1901, showing a
deficit of \$2,054,659. I present also an itemized statement showing
expenditures for improvements for the fiscal year aggregating \$597.

\$550,619 by sales of property, machinery, etc., amounting to \$46,699.
I also present a monthly statement of repairs, charged to profit and
loss, showing the total to have been \$61,302.

As there have been numerous inquiries for a clear statement of the
past history and present condition of the company, and particularly
of its working capital, Mr. D. W. Trotter, the Assistant Treasurer, who
has been with the company from its origin, has prepared an official
letter covering the history of the working capital of the company to
July 31, 1901. This letter is presented herewith and forms a part of
this report.

Assistant Treasurer Trotter says in part:

Assistant Treasurer Trotter says in part :

Assistant Treasurer Trotter says in part:

On Jan. 1, 1899, the books show that the American Linseed Co. received from the Reorganization Committee of the National Linseed Oil Co. and the so-called independent crushers the sum of \$5,000,000 cash, which was then on deposit with the Central Trust Co. The plants were free of encumbrance, but the new company had neither oil, seed nor cake, and no stock with which to begin business. Therefore the new company purchased from the National Linseed Oil Co. and the independent crushers all their quick assets, consisting of seed, cake, oils and manufacturing supplies. Under this arrangement the American Linseed Co. paid the National Linseed Oil Co. \$1,350,132 and paid the so-called independent crushers a total of \$2,35,147 cash, leaving in the \$5,000,000 fund \$1,214,720 cash.

The first financial statement appeared about Aug. 1, 1899, after the company had been in business seven months. The inventory of that date showed a loss of \$502,470 for the period of seven months, and, accordingly, at that date, the \$5,000,000 fund had shrunk to \$4,141,520.

Of this ahrinkage \$270,812 50 is accounted for by one quarterly dividend on the preferred stock. The balance was lost in the ordinary course of business. There was a further loss of \$841,530 during this period of seven months, not shown in the inventory, but involved in the current contracts, consisting mainly of three items, viz.: Adjustment items of the old National Company, \$89,160; rebates, \$55,399; losses on oil contracts and seed, \$686,971; total, \$841,530.

The total loss, therefore, for the seven months, as shown by the books and contracts of the company on Aug. 1, 1899, was \$1,700,000, reducing the actual cash capital of the concern to \$3,300,000 at that date. This loss of \$1,700,000 was balanced on the books by an increase in the aggregate valuation of the plants of the company to that amount. The original entry for \$1,700,000 was reversed July 31, 1901, by deducting from the valuation of plants and charging profit and

#### American Type Founders Co.

(Report for the year ending August 31, 1901.)

President R. W. Nelson says in substance:

President R. W. Nelson says in substance:

General Results.—The year has been the most prosperous in the history of the company. Sales have been the largest, and the net profits over \$40,000 more than those of the previous year, amounting to \$323,469, or more than 8 per cent upon its capital stock, after payment of all expenses, including interest upon debenture bonds and borrowed money. During the year the company has paid \$160,000 in dividends, being 4 per cent upon its capital stock, after payment of all expenses, including interest upon debenture bonds and borrowed money. During the year the company has paid \$160,000 in dividends, being 4 per cent upon its capital accounts and deducting \$131,511 99 for maintenance and improvements.

Bonds, etc.—The company [during the year sold the remainder of its 6 p. c. debenture bonds at par and accrued interest, and, under the sinking-fund provision, retired \$25,000 of its bonds, leaving \$950,000 outstanding.

The large increase in the business has called for additional capital, and, in addition, the company has during the past three years acquired and paid for certain collateral industries which have been a projection to its local business in the various sections and have added to its carning capacity. To meet these conditions it has been necessary to increase the liabilities, and conservative management does not justify an increase in dividends upon the precent stock until the indebtedness is materially reduced by future earnings or additional capital is provided to supply the requirements of the continued growth of the company. This subject is having the careful attention of your board, and it may later make such recommendations as the interests of the company suggest.

Extensions.—The business has been extended into every section of

and it may later make such recommendations as an interest and company suggest.

EXTENSIONS.—The business has been extended into every section of North and South America, and there has been a large increase in countries still further distant, as in Australia and the Philippine Islands. The great number of foreign accent matrices owned enables us to east type for all foreign countries, and the company is far more complete in this, as in other respects, than any of its competitors. Its faces are imitated and reproduced in many foreign countries where they cannot be properly protected by trade mark or patent, and the chief protection to be had in many countries is the prompt distribution of all new productions. This will necessitate, if efficiently

handled, the establishment of a selling branch and warehouse, and possibly a foundry, in England to promptly handle English and continental business. We are now doing business in Great Britain through an agency, but cannot in that way fully utilize our facilities. CENTRAL PLANT.—The company has labored under the disadvantage of a number of scattered plants, and the importance and necessity of establishing a central plant for the manufacture of staple products have long been felt, and are now under consideration. It is estimated that an annual saving of at least one per cent upon the capital stock could easily be made above the interest upon the additional capital required to establish such a plant. It would also greatly facilitate the prompt production of new type faces to have under one roof the capacity of several times that of the largest of our present manufacturing plants. It would not be wise to close all existing plants, but to make staple goods at a central point, saving in cross freights, rents, insurance, taxes, superintendence, and by the manufacture of very large fonts at less cost than under existing conditions.

Report for the year ending Aug. 31st, 1901.)

President James A. Chambers says in part:

We operated our factories a little more than eight months of the year, but owing to shortage of men and the strike of flatteners and outters, which tasted about three months, we produced only two-thirds of our actual capacity for the period of the blast. We also had all vely conflict with our competitors for trade, which compelled us to seil our glass without profit for a considerable part of the year. These trought us peace with our men and harmonious and profitable relations with our competitors during the second half.

The majority of manufacturers outside of our company formed a seiling agency, so that for the last six months of the year useless and unmoreosary competition has been largely eliminated with most gratifying results to all. A large majority of the co-operative manufacturers have lately formed an organization for the purpose of handling their product to better advantage, and are co-operating with our company and the selling agency and the jobbers for the general good. Wages for the coming blast have been settled to the astisfaction of workers and manufacturers.

The prospect for trade was never better, as there has never been such universal prosperity or so much building, particularly of dwelling houses and manufacturing plants that use window glass, and the commy, so that the outlook is much brighter than a year ago.

Last year we added our own sand plants, one in Pennsylvania, the other in Indiana. These plants have proved a very profitable investment. We are now able to supply all our own plants from our own mines at a minimum cost, and hope during the coming year to sell considerable quantities of sand.

Our case and oil developments are becoming quite a source of revenue. We expect to have a large surplus of gas to sell this winter in Indiana, after supplying all our own factories with all they require. We have about 40,000 acres of gas and oil territory scattered all over the ladian belt: much of this

Detroit United Ry.—Status of Guaranteed Bonds—Poble Change in Plan.—The "Detroit Tribune" Oct. 25 said:

Detroit United Ky.—Status of Guaranteed Bonds—Possible Change in Plan.—The "Detroit Tribune" Oct. 25 said:

The helders of [certain of] the guaranteed bonds object to the stock holders of the Detroit United Railway turning their stock into bonds, as the guaranteed bondholders declare that this will impair the value as the guaranteed bondholders declare that this will impair the value of their securities. Definite information was received from three of the principal financial institutions vesterday, and from the gentlemen representing the Detroit Rochester Romeo & Lake Orion, and the Detroit & Pinit lines, that a clause must be inserted in any new blanket mortrage covering the Detroit United Railway and its acquisitions, to the effect that the guaranteed bonds above mentioned are rec. guized as prior liens, not only on the lines for which they were given, but upon the entire Detroit United Ry. to any outside, or parent company must be made subject to the lien created by those guaranteed bonds. One reason this step was decided upon by those representing the guaranteed bondholders is that it is alleged that Messrs. Everett & more abandoned the scheme for a \$125,000,000 parent company and will form one under the laws of New Jersey, with a nominal capital, for the purpose of acquiring the capital stock of the constituent companies, or as much thereof as it can get. The constituent companies, or as much thereof as it can get. The constituent companies will thus be operated by this close parent corporation and the routesome minority done away with when it comes to a question of policy.—V. 73, p. 553, 494.

Detroit Ypsilanti Ann Arbor & Jackson Ry.—Construction.—This company, of which James D. Hawks of Detroit is President, expects to put in operation on Nov. 15 its main line from Detroit via Ypsilanti to Jackson, Mich., a distance of about 100 miles. Franchises and rights of way have also been secured for the proposed extensions from Jackson northwesterly to Lansing and southwesterly to Coldwater. A portion of the necessary franchises and right of way have likewise been obtained for a further extension from Lansing to Grand Rapids, via Grand Ledge and Ionia. Pennsylvania Company.—Bonds Sold.—Subscriptions were received this week by Speyer & Co. and Kuhn, Loeb & Co. for the unsold portion of \$20,000,000 Pennsylvania Co. 3½ per cent gold loan of 1901 at 98 and accrued interest. Allotments are to be paid for on Nov. 4, against temporary receipts of the trustee, which will be exchangeable for actual certificates as soon as ready. The certificates are unconditionally guaranteed, principal and interest, by the Pennsylvania RR. Co. They are due Nov. 1, 1916, but are redeemable at par in fifteen equal annual drawings. The loan is secured, in addition to the obligation of the Pennsylvania Company and the guaranty of the Pennsylvania Railroad Co., by the pledge of the following (par value):

The subscriptions were promptly closed, all the bonds having been sold.—V. 73, p. 900, 843.

naving been sold.—V. 73, p. 900, 843.

Pennsylvania RR.—Extra Dividend.—The directors yesterday declared the usual semi-annual dividend of 2½ per cent and 1 p. c. extra. This makes the dividend rate for the calendar year 1901 6 p. c., the same as in 1900, but in the meantime the shareholders have received valuable rights, having been allowed o subscribe at 120 (\$40 per \$50 share) for an amount of new stock equal to 33½ per cent of their holdings. These rights were equivalent to an extra cash dividend of about 7 per cent, and it was thought by some would take the place of the extra payment just announced.—V. 73, p. 900, 843.

Southern Missouri & Arkansas BR.—Purchase.—This ompany has purchased the Hoxie Pocahontas & Northern R., chiefly a coal road, extending from Hoxie to Pocahons. Ark., a distance of about 15 miles. A connecting line tas, Ark., a distance of about 15 miles. A connecting between Pocahontas and Poplar Bluff, Mo., is under struction.-V. 78, p. 83.

Southern Pacific Co.—Improvements.—In addition to such improvements as are being included in operating expenses, a considerable amount on account of improvements is being charged each month against net earnings before the surplus from operations is shown. Thus for the eleven months ended May S1, 1901, the company reported net earnings of \$24,690,373 and other income \$697,540, a total of \$25,387,913. Against this amount net earnings of \$24,690,373 and other income \$697,540, a total of \$25,887,913. Against this amount was charged fixed charges and rentals \$14,707,308, and betterments and additions to property and equipment \$5,319.025, leaving a surplus for the eleven months of \$5,361,690. For the current fiscal year the appropriations for "betterments, additions and new equipment" are on a still larger scale. The net earnings for the two months ended Ang. 31 (as shown in V. 73, p. 835, 836) were \$5,350,734; against this was charged \$1,542,069 for betterments and additions, and \$2,724,020 for fixed charges and rentals, the balance surplus for the two months, after adding \$196,529 other income, being \$1,181,174:—V. 73, p. \$28,445.

Springfield & Decatur Ry.—Bonds.—This company, which is building an extension of the Indiana Decatur & Western from Decatur to Springfield, 42 miles, has authorized an issue of bonds.

Springfield Jefferson City & Chicago Ry.—Mortgage.—
A mortgage has been filed in the Recorder's office of Greene County, Mo., to secure \$5,500,000 forty-year 5-per-cent bonds, issuable for the construction and equipment of the road from Springfield to Jefferson City, 121 miles, or other point on the Missouri River. The company was incorporated in Feb., 1900. William Woodburn, of Des Moines, Iowa, is Feb., Presid

President.

West Michigan Traction Co.—Mortgage —This company is reported as making a mortgage for \$2,500,000 to the Knickerbocker Trust Co., as trustee, covering the projected trolley line between Kalamazoo and Benton Harbor, Mich., with branches, a total distance of about 90 miles. The company was incorporated in Michigan last August with \$1,000,000 authorized capital stock. The road, it is said, will be operated in connection with a steamboat line to be established by the same interests between Benton Harbor and Chicago. The sharebolders, it is stated, include C. O. Hadley, New York; C. W. Haight, New Haven, Conn.; F. A. Henshaw, S. F. Maarchant, Martha B. Howard, S. N. Howard, H. J. Jewett, L. B. Choates, C. B. Orvis and F. A. Woodbury of Chicago.

#### INDUSTRIAL, GAS AND MISCELLANEOUS.

habama Consolidated Coal & Iron Co.—Acquisition—he company has acquired possession of the Mary Lee coal coperty, situated at Lewisburg, Ala., about 5 miles from irmingham. A majority interest in these mines was pursased about two years ago, but foreclosure has been pendag. The property is now cleared of all its incumbrances, he ownership passing to the Alabama Consolidated Coal & on Co. President T. G. Bush is quoted by the "Birmingham awa" as awing:

The acreage of this property, together with the other lands innediately adjoining, is 3,000 acres, underlaid by what is known as the
Mary Lee, or Big Seam, and the Black Creek seam. The mines have
present capacity of 500 tons per day. There are 150 seres with
a capacity of 500 tons of coke per month. This property is well
equipped as to homese, coal washer and other necessary machiner.
There is also connected with the Mary Lee property about 5 miles of
railroad lines running isto Birmingham. The acquiring of the Mary
Lee property makes the entire acreage of aslected coal lands of the
railroad lines running isto Birmingham. The acquiring of the Mary
Lee property makes the entire acreage of aslected coal lands of the
Alabama Consolidated Coal & Iron Co. between 36,000 and 40,000
acres. It increases the number of modern coke ovens to 595. The total
be 500,000 tons per annum and the production of coke 235,000 tons
per annum. These coal properties, together with the valuable red
and brown ore mines and extensive rock quarries, enables the company to operate its furnaces entirely from its own resources—sumthing it has not been able to do before this time.

The new properties acquired by our company since its organisation
and the improvements made have amounted to more than \$00,000
in cash. The company is just completing a long iperiod of consumetion and is on a more solid basis for cheap and large production
than ever before in its history.—V. 73, p. 339.

American Linseed Co.—Possible Losses.—There has been much speculation as to what losses, if any, the company sustained from cutting the price of linseed oil last August from 80 to 40 cents or thereabouts a gallon. The price was soon raised again to over 60 cents a gallon, but some orders are said to have been booked on the lower level, while on the other hand the price of raw seed advanced temporarily from \$1 35 to \$1 60 a bushel, which meant, it is claimed, a loss of about \$15 per barrel on oil sold at 40 cents per gallon. "Spot" seed is now selling at \$1 47 and oil at about 65 cents. Ex-tracts from the last annual statement will be found on page -V. 78, p. 662, 555.

American Sugar Refining Co.—On Unlisted List.—On Oct 21 the company's \$7,500,000 additional preferred and \$7,500,000 additional common stock were admitted to dealings in the unlisted department of the New York Stock Exchange.—V. 730, p. 78, 617.

Ashland Emery & Corundum Co.—Consolidation.—This company incorporated Sept. 16 under the laws of New Jersey, with \$3,000,000 authorized capital stock, in \$100 shares, of which \$500,000 is 6 per cent cumulative preferred, has taken over the properties of the following companies. taken over the properties of the following companies :

Damuji Company of Cuba.—Circular.—Interests identified with the Gramercy Sugar Co. (εε V. 72, p. 986) have organized this new company under the laws of New York with \$2,000,000 capital stock [of which \$1,000,000 is 6 per cent noncumulative preferred] and have conveyed to it free of debt the property of the Constancia Sugar Co., one of the largest sugar estates in Cuba, controlling about 60,000 acres "upon which upwards of \$5,000,000 has been expended by former owners." A circular says:

owners." A circular says:

The property consists of sugar plantations (with 8,000 acres of growing cane this year); 889 head of horses, mules and oxen; central factory for orushing caue; distillery for making rum; a narrow-gauge railroad 50 miles in length (with 7 locomotives and 333 cars); 130 miles of telephone lines; tug and lighters for conveying sugar from plantation to Clentuegos harbor, 10 miles distant. The value of the central factory, distillery, railroad and equipment, etc., is conservatively stated to be \$1,200,000; that of the landed estate, \$1,000,000. It is expected that the sugar lands now under outivation, which are only about one-third of those available, will produce from 100,000 to 125,000 tons of sugar cane this year. The crushing of this amount of cane will produce about 27,000,000 pounds of raw sugar between January and June next, worth in Cuba at least two cents per pound, or \$540,000. The Damuji Company expects to be able to increase the total annual output in the near Inture to at least 450,000 tons of sugar cane; and to secure a net profit of \$450,000 annually from the sale in this country of its raw sugar product, even under the present United States tariff. Should any reduction in the duty be made, as now seems probable, the amount of profit would be increased in proportion. The proposed reduction of 25 per cent in the tariff on raw sugar would add \$109,000 to the profit on the product of the present growing crop, estimating it at 125,000 tons of sugar cane.

Of the capital stock, \$900,000 of preferred was given at par

of the capital stock, \$900,000 of preferred was given at par with a bonus of 50 per cent of the common stock, for \$900,000 cash, which was used to acquire "all the Constancia properties free of encumbrances of every kind, to provide for the necessary improvements and extensions, and also to supply working capital wherewith to cultivate the growing crop, so that the entire amount realized from its sale—estimated at \$540,000, about he free and clear to the generate." The re-\$540,000—should be free and clear to the company." The remaining \$100,000 preferred stock and \$550,000 of common stock in the treasury. Directors:

Detroit Mackinac & Marquette RR. Land Grant.—Purchase of Bonds.—Offers for the sale of \$250,000 of the company's land grant bonds are requested to be made on or before Nov. 25, 1901, to James McMillan and Frederick E. Driggs, trustees under the mortgage, 22 Telephone Building, Detroit.—V. 73, p. 786.

Distilling Co. of America,—Competition.—The "Philadelphia News Bureau" says:

Geo. L. Woolsey is building a 5,000 bushel house at Hammond, Ind., for a syndicate, and F. T. Corning & Co. are building a 5,000 bushel nouse at Peoris. This will make in all five outside houses of 5,000 bushels capacity as against two 5,000 bushel houses owned by the trust.—V. 73, p. 898, 844, 842.

Dominion Iron & Steel Co.—Operations.—The two furnaces in operation produced in September 15,357 tons of pig iron. A third furnace was started last week. It is expected that one half of the steel works and the fourth furnace will be in operation in January next.—V. 73, p. 680, 661.

Electric Storage Battery Co.—New Officers.—Herbert Lloyd, formerly First Vice-President, has been elected President, succeeding Geo. H. Day, resigned.—V. 73, p. 578.

Electric Vehicle Co.—Board Decreased.—On Tuesday the number of directors was reduced from thirteen to nine, these directors retiring: Herbert Lloyd, Thomas J. Regan and Daniel Shea. Directors are:

H. M. Byllesby, George Chapman, G. H. Day, P. T. Dodge, T. W loodridge, Albert A. Pope, A. L. Riker, I. L. Rice and F. C. Stevens.— 7. 73, p. 786, 495.

Galveston Wharf Co.—Morigage.—The company has filed a mortgage to the Texas Guaranty & Trust Co., trustee, to secure \$1,000,000 bonds, of which \$400,000 will be used to take up indebtedness contracted to repair the damages occasioned by the storm of September, 1900. The remaining \$600,000 of bonds, it is stated, will be reserved against future contingencies. The Southern Pacific Co. has recently opened a pier of its own, and, it is stated, has some thousands of bales of cotton stored upon it.—V. 71, p. 965.

Independent Plants.—The "Chicago Economist" says:

It appears that the capacity of this company's works is sufficient to meet the requirements of the trade, but there is a capacity outside nearly equal to that of the big company. The New York Glucose Company's plant at Shady Side (V. 72, p. 383) is nearly convoleted, which is expected to have a daily output of 1,200 barrels. The largest independent concern at present its the United States Glucose Company, which is controlled by the National Starch Co. It is at Waukegan, Ill., and is said to have a capacity of from 1,000 to 1,200 barrels daily. Besides the National Starch Co can turn out about 200 barrels daily. Besides the National Starch Co can turn out about 200 barrels daily from its Gien Cove plant. The Charles Pope glucose factory has a capacity of 500 to 600 barrels per day. The latest company, the Illinois Sugar Refining Co. (7.78, p. 496), with \$1,000,000 capital, has a plant in operation at Pekin, Ill., with an estimated capacity of from 1,200 to 1,500 barrels per day.—V. 73, p. 842, 722.

Hackensack Meadows Co.—Transfer of Property—Mort-gage.—The Hackensack meadow land owned by the Pike estate, consisting of about 930 acres, was conveyed on Oct. 19 by the heirs of the estate for \$1,492,180 to John R. Ferrier and by the latter to Henry L. Sprague (one of the incorporators of the Hackensack Meadows Co.), subject to \$1,297,000 of 4½ per cent 20 year bonds, secured by mortgage to the Standard Trust Co. as trustee.—V. 72, p. 1191.

Hargraves Mills.—Bonds.—The shareholders voted Thursday on a proposition to issue \$600,000 mortgage bonds to provide for floating debt, etc. Owing to the opposition of minority shareholders, the consolidation with the Parker Mills, which was proposed a year ago, has not been carried out.—V. 70, p. 1098.

Henderson Bridge Co.—Exchange.—Of the \$1,000,000 stock, \$501,000 has long been owned by the Louisville & Nashville RR. Recently the greater part (about \$330,000) of the minority stock was exchanged, \$ for \$, for stock of the L. & N. through the Fidelity Trust & Safety Vault Co. of Louisville. A portion of the stock also is held in the Bridge Company's treasury.—V. 73, p. 723, 444.

Highland Land & Water Co. of Maricopa Co., Ariz.—Sale.

—The company's property, consisting of a 21-mile canal or ririgating ditch and dam across Salt River. together with water rights, was advertised to be sold Oct. 26 in foreclosure at Phœlix, Ariz., by Hugh H. Price, receiver and special master. The amount due is \$135,910, with interest at 7 per cent 'from June 1, 1899, besides other charges, including costs, aggregating in all about \$13,000. The upset price is \$15,000.

International Navigation Co.—New Vessels.—This company, whose fiset until recently comprised nineteen steam ships, representing a total tonnage of about 114,000 tons, has put in service within a few months three additional vessels naving a total tonnage of \$4,001, and is building three others of equal tonnage. The company's headquarters are in Philadelphia. The "Philadelphia News Bureau" on Sept. 18 said: Of the three new steamers already in service the Vaderland, 580 feet, went on about six months ago; the Zeeland, 580 feet, about three and one-half months ago, and the Haverford, 530 feet, made is maiden verage from Southampton to New York early in September. The Merion, one of the other new steamers, 530 feet, is being built at Clyde Bank by the John Brown & Co., Limited, and the remaining two of the second trio, the Finland and the Kroonland, 550 feet each, are under construction at the Cramps' yards, this city. The 580-foot steamers cost about \$2,000,000 each, and the 530-foot something less, the cost of the six probably aggregating around \$11,000,000. Payment is to be made from the proceeds of the first mortgage 5 per cent bond issue which was authorized in February, 1899, to the amount of \$20,000,000, to refund the old first mortgage 6s and to provide funds for the construction of additional steamers. The terms of payment for the new steaments are part in cash and the remainder in two years. The growth of the company's traffic is represented by the toniage of the six new steamers, aggregating 6s,000, or an increase of nearly 60 per cent. But this is the growth of probably three years at least, and therefore the business may in a general way be said to have shown an average increase of 20 per cent per annum.—V. 71, p. 33.

National Bridge Co.—First Dividends.—This new company has declared its first quarterly dividends, viz., 1% per

National Bridge Co.—First Dividends.—This new company has declared its first quarterly dividends, viz., 1% percent on preferred stock and 1% percent on common stock, payable Nov. 6, on stock of record Nov. 4. Of the \$1,500,000 capital stock, \$750,000 is cumulative preferred. The stock is held by voting trustees, namely, Hiram G. Moe, Arlington H. Mallery, L. M. Jones. Charles W. Smith is Secretary. Office, 45 Broadway.—V. 73, p. 141.

National Flax Fibre Co.—Status.—The shareholders' investigating committee, consisting of John M. Russell, Treasurer of the Crompton & Knowles Loom Co., Worcester; Fred. A. Wild of the A. T. Atherton Machine Co., Pawtucket, and Fred W. Easton of the Easton & Burnham Machine Co., Pawtucket, is reported to have found the company's affairs in an unfortunate condition. The floating obligations aggregate, it is said, \$70,000, and in addition there is outstanding a mortgage for \$30,000. Of the \$5.000,000 capital stock (in shares of \$5 each) about \$4,300,000, it is understood, is outstanding. From the proceeds of the stock sold partial payment was made on 200 looms with 2,000 spindles, which were placed in the mill at Millis, Mass.; four tow mills also were acquired in North Dakota.—V. 73, p. 845, 85.

National Bellsing Co. of Delaware.—New Company.— This company was organized a short time ago with \$1,500,000 of capital stock in \$100 shares, of which \$750,000 is 8 per cent cumulative preferred, to take over and extend the business of the National Bellning Co. of Ohio. The last named company was organized in 1884 and has been profitable, its final balance sheet showing outstanding capital stock of \$100,000 and surplus profits of \$408,131. For the year 1800 the net income was \$110 155; for 1900, \$142,720; for the first three months of 1901, \$40,132. The new company has issued to purchase the assets of the old concern, \$500,000 preferred and \$625,000 common stock, and for improvements and working capital, \$250,000 preferred and \$125,000 common. Lamprecht Brothers of Cleveland are interested.

National Salt Co.—Injunction Asked—Failure to Puy Trust Certificates.—On Tuesday an application was made in this city to Justice William D. D.ckey at Special Term of the Supreme Court by lawyers George S. Ingraham and John H. Kemble, representing William M., George S., Robert S., and Francis T. Ingraham, as holders of special trust certificates issued for acquisition of the stock of the United Salt Co., for an injunction to prevent the transfer of the assets and property of the National Salt Co. to the International Salt Co. Counsel for the plaintiffs said:

Salt Co. Counsel for the plaintiffs said:

In October, 1899, the National Salt Co. bought out the United State Salt Co. The National was to pay a certain sum down and after fire years to hand over its own stock certificates. For over a year and a half the National paid its certificates of indebteiness. Last February its officers, in their report to the New York Stock Exchange (Y. 72, p. 440, 286, 186) stated that the money so paid was lawfully owed, and that the certificates as to stock were valid obligations of the company. On the streegth of this published statement various persons bought rights as to stock and certificates. In April last the National Salt Co. sought to repudiate its contract with the International, and began an action in Ohlo, alleging that it and the United Salt Co. had entered into a conspiracy in restraint of trade by uniting as a syndicate and controlling the salt trade. The defendants in that action were the innocent purchasers of rights to stock in the National Salt Co., having bought on the representations of the officers of the National. The National refused to make payment on the certificates of indebtedness due last July.

Judge Dickey yesterday granted a temporary injunction.

Judge Dickey yesterday granted a temporary injunction.— V. 73, p. 794, 725.

New England Brick Co.—New Officers.—A. E. Locke of Adams & Co. of Boston recently succeeded John E. Parry as President. Geo. B. Perry is Vice-President and Thomas Lacey Secretary and Treasurer. The Executive Committee is composed of the above and John E. Parry and E. W. Capen.—V. 73, p. 845.

Pacific Improvement Co.—Sale of Huntington Stock.—The interest of the Huntington estate in this company's stock, comprising 25 per cent of the \$5,000,000 issue, has been soil to Gen. Thomas H. Hubbard. The company has sold its holdings of stock in the Southern Pacific and the Mexican International, but it still owns a large amount of city and country property in San Francisco, Oakland, Alameda and other parts of California, including the Hotel del Monte. It also owns lands in Texas and coal mines near Tacoma and in British Columbia. There is also an interest in the Guatemala Central RR. (V. 68, p. 724). Gen. Hubbard now has a half interest in the Pacific Improvement Co. and the Crocker and Stanford estates each a quarter interest. The company has an office at 25 Broad St., this city. Geo. Crocker is the President.—V. 69, p. 1013.

Pacific Packing & Navigation Co.—Selling Company.— The Pacific Selling Co., with \$1,000,000 authorized capital stock, has been incorporated in New Jersey to take over the business of Delafield, McGovern & Co., and act as selling agents for the Pacific Packing & Navigation Co.—V. 73, p. 618, 204

Paducah (Ky.) Gas Light Co.—Incorporated.—This company was incorporated in Kentucky on Oct. 4, with \$125,000 capital stock, as successor of a company of the same name, whose property was sold on March 20 by order of the United States Court. Among the incorporators are Thomas Coffee of Peoria, Ill., and F. A. Lane.—V. 72, p. 630.

Parker Mills of Fall River Roude.—The shareholders

Parker Mills of Fall River.—Bonds.—The shareholders voted on a proposition to issue \$600,000 mortgage bonds to provide for bills payable, etc. It has been found impracticable to carry out the consolidation with the Hargraves Mills as proposed a year ago. The bonds will be offered to the shareholders. See Hargraves Mills above.—V. 70, p. 1098.

People's Gas Light & Coke Co. of Chicago.—Favorable Decision—Appeal.—Judge Haneey of the Cook County Circuit Court on Ost. 28 decided against District Attorney Deneen in his quo warranto motion attacking the Consolidation Act of 1897. (See V. 73, p. 349.) The State appealed from the decision, and was given twenty days in which to file a bill of exceptions. A friend of the company is quoted as saving:

as saying:

"Judge Hancoy's decision is the best the company ever had. It covers fully the ground on which the company was attacked. It decides the Consolidation Act of 1897 as legal, and it holds that the public is much better served by one company than it would be by ten companies. An important point of the decision is that quo warranto proceedings do not lie, inasmuch as the people are not interested. This makes the company free from attack as regards its status in Cook County."—V. 73, p. 902.68J.

New Certifi ates.—From Nov. 4, 1901, interim certificates for the \$4,30,300 new stock will be exchanged for the egraved stock certificates at the Central Trust Co., No. 54 Wall St. See balance sheet on page 953.—V. 73, p. 903, 680.

St. Paul Union Stock Yards Co.—To Increase Limit of Debt.—The shareholders will vote Nov. 7 upon a proposition to amend article 4 of the articles of incorporation so that the same shall read as follows: "The highest amount of indebtedness or liability to which said corporation shall at any time be subject is the sum of \$2,500,000."—V. 67, p. 435.

outlay of expenditures in all departments and to additional cot incurred in moving the increased volume of traffic, the result being a net increase in earnings over operating expenses of \$164,017 50, or 12-99 per cent.

Dividends of 5 per cent on the Preferred Stock and 4 per cent on the Common Stock, aggregating \$440,000, were paid during the year, leaving, after providing for taxes, interest on funded debt, and all other fixed charges, a surplus of \$12,763 35 from the current year's operations.

The passenger traffic, both in numbers carried and revenue accruing therefrom, increased in a most encouraging manner.

The number of passengers carried was 857,937, an increase of 102,121 passengers. or 13.51 per cent; and the number carried one mile was 34,859,713, an increase of 5,100,522, or

17\*14 per cent. The average rate per passenger per mile was 2\*019 cents as against 2\*022 cents in the previous year,

The total passenger earnings show an increase of \$101,-989 77, or 16\*95 per cent over the preceding year, and is due mainly to the increase in the number of passengers carried, and provide the preceding year. and partly to an increase of 3.20 per cent in the average

and partly to an increase of 5 20 per tent and partly to an increase of 5 20 per tent and passengers.

Of the total passengers carried, through passengers formed 9.74 per cent and local passengers 90.26 per cent. The earnings from through passengers were \$.01,404 33, an increase of \$37,041 49, or 22.54 per cent, and from local passengers, \$502,421 93, an increase of \$64,948 28, or 14.85 per cent.

The traight traffic both in volume of tonnage carried and

\$502,421 93, an increase of \$64,948 28, or 14 85 per cent. The freight traffic, both in volume of tonnage carried and revenue earned, also shows a gratifying increase. In earnings the increase was \$295,5.0 21, and formed 72 per cent of the \$412,193 92 increase in total gross earnings for the year. Tons of commercial freight carried one mile increased 36,145,734 tons, or 20.70 per cent, but the average rate received per ton per mile was only 1.145 cents as against 1.212 cents in the previous years a degree of 1.65 cents as

ceived per ton per mile was only 1'145 cents as against 1'212 cents in the previous year, a decrease of '067 cents.

The grain tonnage was 575,199 tons, an increase of 150,642 tons; the total agricultural tonnage was 849,932 tons, an increase of 117,211 tons. The tonnage of live stock was 44,674 tons, an increase of 7,407 tons, and the tonnage of lumber was 378,491 tons, an increase of 63,580 tons. The tonnage of manufactured articles was 147,783 tons, a decrease of 16,965 tons and of manufactured articles was 147,783 tons, a decrease of 16,965 tons, and of merchandise and miscellaneous freight 185,557 tons, an increase of 22,084 tons.

The tonuage of anthracite and bituminous coal was 134,141 tons, a decrease of 26,294 tons as compared with last year, due to diminished shipments of bituminous coal from the New River District of West Virginia. The movement of bituminous coal from Duluth, however, exceeded the movement from there last year, and while the aggregate tonnage of this class of coal shows a decrease, the earnings therefrom show an increase arising from better rates obtained during the year.

The aggregate number of tons of commercial freight carried was 1,766,287 tons, an increase of 16),904 tons, or 10 02 per cent.

Sixty-four per cent of the total commercial tonnage carried and 52 per cent of the earnings from freight were derived from through business.

The average train load of commercial freight increased

from 251.39 tons in 1900 to 288.74 tons, a net increase of 37.35

trom 201 39 tons in 1900 to 288 74 tons, a net increase of 37 35 tons, or 14 86 per cent.

The freight train earnings per mile were \$3 31, as against \$3 04 in the previous year, an increase of 27 cents per mile, which was due wholly to the improvement made in train

the Auditor's Table No. 8, page 20 of pamphlet, shows in detail the volume and character of the freight carried during the year.

OPERATING EXPENSES.

The ratio of expenses to gross earnings was 56 44 per cent, as against 55 90 per cent in the preceding year. Compared with the preceding year, under their respective four general headings, they were:

the Year. eent. \$30,349 82 15.62 8,299 19 2.78 149,898 92 21.68 9,628 49 10.04

.....\$1,848,684 64 \$248,176 42 15.51 Total..... As the Auditor's table No. 9, page 21 of pamphlet, shows these expenses in detail, comparison being made with the previous year, mention is made here of only such items as were materially affected by greater charges made during the year for improvements and additions, or for increased cost of operation.

MAINTENANCE OF WAY AND STRUCTURES.—The increase in the expenses of this department has been due to an increase in the mileage operated and to greater charges for tie and rail renewals, for new buildings and re-arrangement grades. of

of grades. There were replaced with new rail weighing 80 lbs. to the yard, 20.87 miles of track; with new rail weighing 70 lbs. to the yard, 8.18 miles, and 26.39 miles of rail weighing 56 lbs. to the yard were removed and replaced by the heavier rail taken up from the other sections of the track, at a cost of \$71,898 65. There was expended for ballasting 55.20 miles of track with gravel, \$47,105 53, and for the renewal, \$86,237 23. For revision of grades, \$15,235 65; for construction of 3 miles additional sidings, \$13,525 31; and for new station buildings and improving station yards, \$34,3418. 834 13

Auditor's table No. 12, page 24 of pamphlet shows in de-tail the character and condition of the structures, roadway

and track at the close of the year.

MAINTENANCE OF EQUIPMENT.—The expenses of this department include \$50,768 00, the cost of four new 19x26 ten-

wheel passenger engines; \$9,756 59 for rebuilding 25 stock cars and \$18,506 92 to replace 51 cars destroyed, condemned or retired from service

or retired from service.

Tables No. 10 and 11, pages 22 and 23 of pamphlet, show the equipment owned, its condition and the character of repairs made thereon during the year.

CONDUCTING TRANSPORTATION—The expenses of this department were \$149,898 92 larger than they were in the preceding year. The increase, however, is commensurate with the increase in mileage operated and the greater volume of the increase in mi traffic transported.

In station service there was an increase over last year of \$18,562 01, due to an increase of 23'14 per cent in the number of miles of road operated and 10'84 per cent in the number of tons of freight handled at stations. In wages number of tons of freight handled at stations. In wages paid trainmen, enginemen and roundhousemen there was an increase of \$39,179.74, and the cost of locomotive fuel, \$44,568.01, due, in both instances, to an increase of 12.86 per cent in revenue train miles, 20.70 per cent in ton miles, and 17.14 per cent in passenger miles.

The Auditor's tables No. 6 and 7 of pamphlet show the density of traffic and the economies effected in train service

density of traffic and the economies effected in train service and in the loading of cars.

GENERAL EXPENSES.—With the exception of legal expenses and the cost of insurance, the apparent increase in these expenses is due to changes in classifying the salaries of the clerical forces in the general office at Minneapolis.

The increase in the cost of insurance is due to the higher rate paid for insurance on the Company's property.

#### GENERAL REMARKS.

The physical condition of the property was fully maintained during the year, and the same policy of improving the roadway and track during the ensuing fiscal year will be continued. It is expected that the work now in progress revising the grade between Albert Lea and Waseca, and the re-ballasting of that part of the track with gravel will be completed before the close of the calendar year.

The equipment generally was maintained in good order, although so heavily taxed throughout the year by continuous use. Four 19x26 passenger engines were purchased and put in service during the year, and the cost thereof charged to operating expenses. As 51 cars were destroyed or retired from service during the year, the value of such can, as in the previous year, was charged to operating expense and the Equipment Renewal Fund credited with a sum sufficient to replace the cars with standard cars of severence. and the Equipment Renewal with standard cars of equal

ficient to replace the cars with standard cars of equal capacity.

The funded debt of the Company was increased during the year by the sum of \$351,000, being the par value of additional four per cent first and refunding mortgage bonds, issued to reimburse the Company for actual cash expended out of its current receipts from the operation of its lines for the purchase of real estate additional to that described in the first and refunding mortgage, dated March 1st, 1899, and equipment and for improvements and betterments made to the properties covered by said mortgage. These expenditures have not been made good to the Company by the sale of the bonds, but the bonds issued therefor are held in its treasury.

treasury.

The transportation earnings for the year just closed were the largest in the history of the Company. It is at this time difficult to forecast whether the same volume of traffic can be maintained during the present year. The outlook however, is most encouraging, as the reports from the Northwest indicate that the present year's crops will equal the yield of last year's.

Northwest indicate that the present the yield of last year's.

The Auditor's tables Nos. 1, 3 and 4 appended hereto show in detail the assets and liabilities of the Company, and the receipts and disbursements for the fiscal year.

The Board desires to acknowledge its appreciation of the control and efficient manner in which the officers and employed and efficient manner in which the officers and employed.

faithful and efficient manner in which the officers and em-ployes in all departments have discharged their respective duties. By order of the Board,

E. HAWLEY, President.

#### THE PACIFIC COAST COMPANY.

EXTRACTS FROM THE ANNUAL REPORT FOR THE YEAR ENDING JUNE 30, 1901.

To the Stockholders of the Pacific Coast Company.

The following report of the business and operations of your Company for the fiscal year ended June 30, 1901, is re-

There has been no change in the Funded Debt or Share

Capital.

As indicated by the annual report for 1900, it is the policy of your Board of Directors, when full value is offered, to sell property not necessary or requisite to the operation or preservation of the parent and constituent companies. Following this line of policy, a contract was made in the early part of the year for the sale of a part of blocks 385 and 335, in tide lands owned by the Company in the City of Seattle, for \$35,000. The proceeds will be deposited with the Trustee, and will be available for re-investment.

In order to meet the growing demands of traffic to and

and will be available for re-investment.

In order to meet the growing demands of traffic to and from Alaska, a contract has been made for the acquirement of the steamer "City of Seattle," and the purchase of the business, good will and charters of the Washington & Alaska Steamship Company, operating between Puget Sound and southeastern Alaska ports. It is believed that this transaction will be profitable and advantageous to the

transaction will be prontable and advantageous to the Company.

A contract was awarded April 2, 1901, to the Risdon Iron & Locomotive Works, San Francisco, for the construction of a wooden vessel, for service between San Francisco and southern California ports, to be delivered February 1, 1902. Capacity, 1,000 tons cargo, seventy-five first and forty second cabin passengers. Speed, eleven knots per hour. It is believed by the management that a wooden vessel is better adapted to this particular service than a steel vessel.

The passenger and cargo vessel "Spokane," particulars of which were set forth in the last annual report, was launched by the Union Iron Works, San Francisco, March 29, 1901. Owing to the labor troubles this vessel is still unfinished.

The collier "Willamette," carrying 1,000 tons of coal, saled from Comox, March 16, 1901. Shortly after clearing, a dense fog set in and the vessel went ashore on Denman Island. Efforts to release her failing, notice of abandonment was served on the underwriters, who paid the full amount of insurance. The Moran Bros. Co. succeeded in foating the "Willamette." A contract has been entered into by your Company to purchase the collier when remixed and improved as discreted by an Conselling Ferriage.

floating the "Willamette." A contract has been entered into by your Company to purchase the collier when repaired and improved as directed by our Consulting Engineer, to be delivered March 15, 1902.

The "Orizaba," under charter to the contractor engaged in laying cable for the United States Government between St. Michaels and Nome, Alaska, on Sept. 17, 1900, while under slow bell, struck an uncharted rock five miles northwest of St. Michaels. The Rocard of Surveys recented the belief of St. Michaels. of sow bell, struck an uncharted rock nive miles northwest of St. Michaels. The Board of Survey reported the ship a total loss, and she was accordingly sold for the benefit of the underwriters, who paid the full insurance. December 17, 1900, the "City of Topeka," en route from Skaguay to Seattle, struck the southeast end of Sullivan Island (thirty miles from Shaguay devises a blinding more storm. The miles from Skagnay) during a blinding snow storm. The cost of salving and subsequent repairs was paid by the un-derwriters, and the vessel returned to commission on May

Various causes have contributed to the decrease in receipts of the Alaska steamship route, among which may be enumerated the rate war which followed the dissolution of the Alaska Steamship Association on April 26, 1901, and continued to the close of the season; the increase of competition; the substitution of the "Senator" in order to maintain the schedule, in place of the "City of Topeka," out of commission for five and a half months; and also the loss of service of the new steamer "Spokane," in process of construction, which would have been completed in accordance with the contract with the Union Iron Works except for the machinists strike in San Francisco.

In making a comparison between the steamship earnings of last year and the present season, it should be noted that for the year ending June 30, 1900, firm rates prevailed, with great business activity in the territory served by the Pacific Coast Steamship Company, competition was less keen, and we enjoyed reasonably remunerative charters for the "City of Paebla" and "Senator." In the past year, with the exception of one tripof the "Queen" to Honolulu, and the engagement of the "Orizaba" for laying cable in Alaskan waters, none of the steamship Company was under charter. Various causes have contributed to the decrease in

lone of the steamships owned or operator. Coast Steamship Company was under charter.

The Puget Sound and San Francisco, Northern California and Cape Nome routes show satisfactory increases. Passenger traffic responded to the improved service to the extent of 16 per cent. While the tonnage and passengers carried increased on the Mexican route, net earnings slightly decreased, owing to the rate war which prevailed November and December, 1900. The decline in business caused the withdrawal of your Company from the Oregon route October, 1900. Earnings continue to increase on the Columbia and Puget Sound Railroad. Freight rates were maintained. Passenger rates were revised and reduced approximately 20 per cent. The service generally was improved, and roadbed, structures and equipment maintained to a degree consistent with economy in the conduct of transportation.

The reduction in Pacific Coast Railway earnings is in part accounted for by the elimination of the lumber yard profits, separate exhibit of which is made in this report, but it is mainly due to the prevailing drought, which diminished the tonnage of wheat, barley and other cereals. The bountiful harvest of this season, however, insures good earnings for this department for the next year. Economies were effected wherever possible The roadbed and equipment were well maintained and are in condition to move the large crop harvested this season. The earnings of the Port Townsend Southern Railroad continue unsatisfactory. It was necessary to expend \$13,290 82 on the maintenance of roadbed and structures.

The Coal Department shows a handsome increase. Not-The Puget Sound and San Francisco, Northern California

The Coal Department shows a handsome increase. Not-withstanding the inroads fuel oil is making in our Califor-nia market, it is believed the increased industrial activity throughout the entire Pacific coast, together with the assured supply of high grade steam coal produced at our Franklin mines at a reasonable cost, will insure the continu-

Franklin mines at a reasonable cost, will insure the continu-ance of profitable operation.

The strike inaugurated by the International Machinists' Association of the United States May 15, 1901, is still in progress, and restricts the fuel requirements and increases the cost of handling, and in consequence decreases the carnings of the coal depots at San Francisco and Oakland. the cost of handling, and in consequence decreases the earnings of the coal depots at San Francisco and Oakland. So far as this Company was interested, the strike was sympathetic. On May 15, 1901, an amicable understanding was reached and the Pacific Cosst Steamship Company entered into a contract for one year with the Marine Firemen and Sailors' Unions of the Pacific. The concessions involved additional outlay by your Company, but the contract was believed to be in the best interests of all concerned. Towards the close of July differences between the Teamsters' Union at San Francisco and their employers resulted in a strike. Not withstanding the faithful observance by the Pacific Coast Steamship Company of the spirit and letter of the contract, as acknowledged by our employes, and that no issue had in the meantime arisen, the firemen and sailors left our service and were followed by the longshoremen. Schedule service, however, is practically maintained, although at some increased expense and the heavy general business offering, with the exception of grain, is expeditionally handled. The delay experienced in the discharging of grain at San Francisco and common points limits the tonnage of this commodity carried.

The past year has witnessed unusual increase in population extraordinary development of the varied resources and consequent prosperity throughout the entire Pacific coast. The prudent and liberal policy of the transcontinental railroads towards the territory in which your Company is directly interested, the rapid and substantial growth of manufactures generally, and the constantly extending market, domestic and foreign, for all products of this Coast, chief among which we may mention cereals, lumber, precious metals, fruit, salmon and other sea food, coal and oil.

chief among which we may mention cereals, lumber, precious metals, fruit, salmon and other sea food, coal and oil, insure continuation of the prevailing favorable conditions.

#### IMPROVEMENTS AND BETTERMENTS

COLUMBIA & PUGET SOUND RAILROAD COMPANY.

The following improvements, mentioned in last annual report, page 5, have been completed:

Cold Storage Plant, Virginia Street and Railroad Avenue, Seattle.

Brick building, 112x120 feet, two stories and basemet corrugated iron warehouse, 112x240 feet, one story and basement; wharf and warehouse, 168x192 feet.

All leased for a term of years to the United Warehouse Company.

Ocean and City Dock Sile, Block 109. Railroad Avenue. Washington and Jackson Streets, Seattle.

Washington and Jackson Streets, Seattle.

Warehouse B.—Brick building, fire-proof, 120x206 feet, three stories; Pier C, wharf and warehouse, 100x400 feet, completed and occupied by tenants under lease for a term of years; Pier B, wharf and warehouse, 124x400 feet, completed and occupied by Pacific Coast Steamship Co.: Pier A, wharf and warehouse, 72x400 feet, to be completed and cocupied by Pacific Coast Steamship Co. Dec. 1, 1901.

Slip between Piers A and B, 120x430 feet, and slip between Piers B and C, 96x400 feet, both dredged to depth of thirty feet, mean low tide. Railroad track connections have been provided for each warehouse and wharf. The improvements are modern and first-class in every respect, specially prepared piling having been used in all water front structures. The cost will be well within our estimate.

\*\*Railroad and Its Equipment\*\*.

Railroad and Its Equipment.

The revision of 9,138 feet, main line and side tracks, in the vicinity of Franklin, referred to in the last annual report, has been completed. To improve grade and alignment and afford necessary facilities for new town and Company's store at Lawson, 2,600 feet of track were re-located and constructed. The development of industries necessitated extensions to sidings and spurs aggregating 8,468 feet. The filling of 928 lineal feet of trestle bridges is progressing. Twenty additional standard coal cars have been constructed in our shore, ten more are in course of construction. Eleven in our shop; ten more are in course of construction. Elever box cars were purchased, one standard locomotive trans ferred from the Port Townsend Southern RR., and one Mogul purchased.

FRANKLIN MINES, Nos. 1, 2, 3 AND 7.

The improvements outlined in the last annual report are steadily progressing. Coal is now being drawn from Vein No. 12. The output of these mines will be largely increased during the next fiscal year. Bunkers are being constructed and the following plant has been installed: 3 125-horse power boilers; 3 standard fans, 1 air compressor; 2 duplex pumps; 2 hoisting engines; 3 power drills. One boiler house and six miner's houses have been regreted and five ribuilt. and six miner's houses have been erected and five rebuilt.

LAWSON MINE.

This field has been extensively developed. Standard tan engine and compressor have been installed and the been works generally improved. Thirty miner's houses and Company's store have been erected.

COAL CREEK MINE.

The gangways have been s'eadily extended, preparatory to largely increasing the output when the market warrants.

NEWCASTLE MINE.

NEWCASTLE MINE.

Six hundred and ninety-five feet of rock tunnel was driven through fault to develop 80,000 tons of coal.

The experience of the past year confirms the conclusion expressed in the last annual report, that the deduction from our income of five cents per ton mined is ample to insure a fund equal to the amount invested in your coal lands and plant. It will be observed from the balance sheet that a balance of \$72,277 35 stands to the credit of Coal Lands be received in and Renewal Fund.

balance of \$72,277 35 stands to the credit of Coal Lands Depreciation and Renewal Fund.

As indicated in the annual report for 1900, the "City of Puebla" received new boilers and extensive repairs to hull and machinery, at a cost of \$117,590 67. The "Pomona" received like treatment at a cost of \$29,268 62. There was expended in addition to the ordinary up-keep, and charged to operating, \$71,290 47 on the following ships: "Bonita" "City of Puebla," "Cottage City," "Queen," "Santa Rosa," "State of California," "Walla Walla." Contracts have been awarded for new boilers, general repairs and alterations to "State of Cantornia," Walla Walla. Contracts nave been awarded for new boilers, general repairs and alterations to hull and machinery of the "Walla Walla" and "Bonita," the hull and machinery of the "Wal!a Walla" and "Bontla," the work to be completed early in 1902. Other steamers will, in their turn, and as they can be spared from service, receive needed attention. The age and condition of the fleet necessitates the treatment of two or more vessels each year. Your Board of Directors wisely increased the annual addition to the Steamship Depreciation and Renewal Fund from \$125,000 to \$200,000. There is a credit balance to this fund on June 30, 1901, of \$325,955 12. This, with the annual increments, will, it is believed, be sufficient to improve your fleet.

## The Commercial Times.

## COMMERCIAL EPITOME.

FRIDAY NIGHT, Nov. 1, 1901.

Encouraging reports have continued to be quite generally received of the condition of general business. As a rule both wholesale and retail merchants have been fairly well engaged, and with comparatively few exceptions prices have been well maintained. The absence of speculative trading, however, has been noted in many instances, due largely to the fact that values ruling are on a basis at which buyers have not been disposed to anticipate their wants much in advance of current requirements. In speculative circles prices the cotton have shown a considerable decline, the effect of iavorable weather for the maturing of the late crop and increased crop estimates. Rains in the winter-wheat belt have sen favorable for the new crop.

Lard on the spot has been weaker, prices showing a considerable decline, but business has been quiet, buyers being slow to operate even at the break. The close was quiet at 9c. for prime Western and at 8.50@8.70 for prime City. The demand for refined lard has been quiet and prices have declined. closing dull at 9.40c. for refined for the Continent. Speculation in the market for futures has been quiet, and prices have declined under fairly full receipts of hogs and lower prices for the same. The close was quiet.

Speculation in cotton for future delivery has been moderately active, but at declining prices. The feature has been the satisfactory weather conditions throughout the cotton belt, which have been favorable for the late cotton. Some imbelt, which have been favorable for the late cotton. Some improved crop accounts have been received, and there have been estimates made public, indicating a better yield than previously counted upon. The crop movement also has been large, and this, too, has had a depressing influence, although many contend that the present large receipts are only temporary, and that in the near future they will show a decided falling off. At the decline it is reported that there has been rather more buying by the Continent, but the demand from the United Kingdom has generally been spoken of as being of a hand-to-mouth character. The trade situates the state of the has been rather mand from the United Kingdom has generally of as being of a hand-to-mouth character. GOVERNMENT WEEKLY COTTON REPORT.—The regular weekly cotton report as issued by the Climate and Crop Division of the United States Weather Bureau through the New Orleans Weather Office for the week ending Oct. 23, and telegraphed to the N. Y. Cotton Exchange, is as follows: NORTH CAROLINA.—Cotton being picked rapidly and aimest com-pleted in places. Many bolls unopened. All reports indicate short

NORTH CAROLINA.—Cotton opening well, except slowly, over the vestern half, where plants are late. Over the eastern half pleking about finished. Late crop developing favorably.

GEORGIA.—Short cotton approximately gathered in southern counties. Ploking nearly completed in middle and progressing rapidly in morthern counties. Long staple cotton opening rapidly.

FLORIDA.—Ideal week for picking, which has been pashed. Crop will practically be gathered by November 20.

ALABANA.—Picking nearing completion; slight improvement by rield, but generally considered to be light.

MISSISSIPPI.—Picking rashed and nearing completion in many sections, especially in north portion, where yield is light.

LOUISIANA.—Picking was vigorously pushed, except in few localities where pickers scarce. Picking nearing completion in many sections, although in some localities not more than half the crop has been picked.

TEXAS.—Picking uninterrupted, except on bottom field, has practically been completed. If no killing frost occurs in the near fixture light top crop will be made.

AREANASS—Top crop not maturing. Practically no top crop. Bult of cotton picked and ginned, and previous estimate of light yield confirmed.

Brined.
TENNESSEE.—Cotton opening well and picking keeps up to it.
OKLAHOMA AND INDIAN TERRITORIES—Picking still in progress.
About three fourths of crop in, with light yields. Late cotton slightly better than early.

These reports are summarized as follows:

Clear and warm weather throughout the cotton belt has been exeptionally favorable for maturing and opening cotton. Picking has made rapid progress, and reports from nearly all centres report picking well up and about completed in many localities. Yield is generally below the average. In Texas picking has been uninterrupted, and except in bottoms has practically been completed. A light top crop will be made in Texas if there is no killing frost in the near

JUTE CROP OF BENGAL.—FINAL REPORT FOR 1901.—The final report on the jute crop of Bengal for the season of 1901, issued under date of Calcutta, September 22, indicates that the area under cultivation is 2,287,800 acres, against a normal area of 2,164,400 acres and 2,093,400 acres in 1900, and 1,961,800 acres in 1999. As to the probable cut-turn, the report says:

in 1899. As to the probable cut-turn, the report says:

The estimate for the whole Province as compiled from the figure sent in by the district officers gives 95 per cent of a normal srop, say it think that in most districts siffletent allowance has been made for the improvement in the crop during the past three months and for previous under-estimates. There has been same and of water for steeping, which has delayed harvesting and the preparation of the fibre for the market, and imports into Calcutta have been checked during the past fortnight by heavy rain, so that a smaller proportion of the crop has been expected from the jute districts up to date industry that the cut-turn in the area sown at 94 per cent of a normal crop, and the out-turn in the area sown at 94 per cent of a normal crop in the area sown in the present year. The increase in the normal area as recorded by the district officers in the first proposed in the country of the present of a normal crop; but seeing that the market seepts 65 iskha\* of bales at present as representing a normal, or 16-small crop, I will not modify that figure in the estimate. In the first forecast of the jute crop of the present year T estimated an out-turn of 89 iskins of bales, or 1619 amass of a normal crop of 56 iskhs of bales, or 1619 amass of a normal crop of 56 iskhs of bales, and the contract of the pure property of the present year of the flavorable weather that has characterized the months that have elapsed since that forecast was issued, I now estimate the out-turn of a lask of bales, or 16 lasks of bales, a 18-anna crop.

TEXAS WEEKLY CROP BULLETIN.—The Weekly Crop B lettu of the Texas Section of the Climate and Crop Service the Weather Bureau for the week ending October 28 refer to cotton as follows:

Cotton picking is nearing completion over all portions of the Siste, not in many sections this work has come to an end and the fields have een abandoned. The present warm, annahing weather has caused one fields of cotton to put on new growth, and with a continuate of the present conditions a light top crop is probable.

### BREADSTUFFS.

There has been an easier turn to the market for wheat flour. Prices for the grain have shown a tendency to sag, and this, coupled with the large output of flour by the Northwestern mills, and the consequent free offerings, has resulted in lower prices for spring patents, country brands selling down to \$3.75. Spring bakers, however, have been in light supply, and prices have been fairly well maintained. There has been some weakening in values for winter-wheat flour, and at the lower cost local buyers have made fair purchases. Rye flour has had a fair jobbing sale at steady prices. Buckwheat flour has been in fair demand, closing steady. Corn meal has been sparingly offered, owing to light stocks, and prices have held firm.

Speculation in wheat for future delivery has

sparingly offered, owing to light stocks, and prices have held firm.

Speculation in wheat for future delivery has been moderately active, but the drift of prices has been downward. The principal depressing factor has been the character of the information from the foreign markets. The drought in Argentine, which was reported broken by good general rains. The improved weather conditions for the Argentine crop acted as a damper on the European markets, they turning quiet and easier and in turn had a weakening influence upon values in our domestic markets. Primary receipts also have been running larger, and this, too, has had its influence against values. During the week, however, complaints that the new winter-wheat crop was not doing well, owing to dry weather, had a steadying influence. There also has been a disposition to anticipate smaller interior receipts, and with Europe expected to be a good buyer in the cash market, purchases for investment account in the speculative markets have been more general. The spot markets have been easier, with futures, and at the lower prices a moderate export business has been transacted. To-day there was an easier market on more favorable weather reports from Argentine and from the winter wheat belt. The spot market was moderately active, exporters being steady buyers.

Indian corn futures have received an increased amount of speculative attention, buying for investment account has been more general, and there has been a gradual hardening of values. The movement of the crop has been very moderate and advices from interior points say that despite the fact that high bids have been sent out, country holders have been slow in accepting them. The Cincinnati "Price Current," in its weekly report, says that corn is averaging poor quality and is fed direct from shook. Early in the week only a limited amount of business was reported transacted in the spot markets. Nevertheless, prices steadily advanced with futures. On Wednesday and Thursday demand improved, exporters being fair buyers. To-day there was a higher market early, but toward the close prices declined under realizing sales. The spot market was quiet.

Oats for future delivery at the Western market have been fairly active and firmer. The movement of the crop has been only moderate, country offerings have been light, and there has been a good steady distributing trade, which, coupled with the stronger turn to the corn market, has induced mod erate speculative buying for a rise. Locally the spot market has been moderately active and firmer. To day there was a wasker market weaker market.

#### THE DRY GOODS TRADE.

NEW YORE, FRIDAY, P. M., Nov. 1, 1901.

Business in this market during the past week has been on a generally quiet scale and with few new features of importance. The disposition of buyers has not carried them much beyond present requirements, the continued weakness in raw cotton apparently telling upon them to some extent. Sellers do not, however, weaken to an appreciable extent in any direction, while in some there have been advances in prices quoted, these being in lines directly affected by print cloths. The chief interest has been centred in the market for the latter and the situation at Fall River. Mr. Borden, pursuing his recent policy, bid up print cloths a further 1-18c, during the week, and was a buyer thereat up to Wednesday evening. Since then he has retired from the market, presumably as the result of the decision of the Fall River operatives not to strike at the present time. The only activity during the month of October has been in the print cloth division, and that has been almost entirely due to the operations of Mr. Borden, other buyers purchasing lightly.

Woolen Goods.—The busiest department of this division

WOOLEN GOODS.—The busiest department of this division has been in cloakings and fabrics for use by the cloak and jacket manufacturers. Cheviots and other goods in Oxford grey mixtures have been in good request for this trade and in Oxfords have brought very firm prices. In woolen and worsted trouserings and suitings the week's business has been on a limited scale. Heavy weights have been bought in small, straggling lots, and the demand for light weights has been below expectations. It is evident that deliveries on early orders will have to be pushed forward more fully be

fore the supplementary demand expands to any ertent, as sales of clothing for spring are being kept back by late deliveries of sample pieces. There has been no change in the general tone of the market or any quotable alteration in prices. The demand for overcoatings has been light throughout. In dress goods the chief demand has been for plain goods, with broadcloths prominent. All fancies continue dull.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending Oct. 28 were 3,118 packages, valued at \$98,922, their destination being to the points specified in the tables below:

The value of the New York exports for the year to day has been \$9,447,976 in 1901, against \$11,923,564 in 1900.

At the close of the week exporters have shown more interest than of late, but the bids made by them show plainy that the drop in the price of raw cotton has affected the views of values. They have had little success so far in making purchases. The home demand has been moderate, with few deviations from previous prices. In brown sheeting and drills there has been a slight "irregularity" during he past two days, but leading brands continue firm. Sheet cottons have sold in moderate quantities in all grades, with prices well maintained. There are only limited supplies of wide sheetings and of the various lines of coarse, colorsdottons upon the market, and although the demand is quist, prices are firm. Kid-finished cambrics have advanced \$40\$, per yard. The market for all lines of staple prints is stropy and of the radvances are expected in the near future. Fancy pard. Other advances are expected in the near future. Fancy prints are scarce. Fine printed goods well sold shead. The gingham market continues firm throughout. Regular print cloths have sold at \$3\frac{1}{2}6..., an advance of 1-16..., but there has been no advance in narrow olds, and wide odds are barely steady at previous prices. steady at previous prices.

Foreign Dry Goods.—The general demand for foreign dress goods has been dull, but thin fabrics are still selling fairly well at firm prices. Silks and ribbons are quietly firm. Linens also are firm, with a quiet demand. Burlaps continue inactive, with a downward tendency.

#### Index.

An index to all the news matter appearing in this Department for the period from July 6, 1901, to Oct. 5, 1901, inclusive, was published in the Chronicle of Oct. 12, 1901, pages 806, 807 and 808.

Atlants, Ga.—Revision of City Charter.—The City Council has passed a resolution providing for the appointment by the Mayor of a committee consisting of forty-nine citizens to revise the city charter. It is stated that no general revision of the city charter has been made since 1874.

Austin, Tex.—Litigation.—Dispatches from Austin, Tex., dated October 22, state that three suits were filed in the District Court on that day by Jules E. Valle, James G. Cahill and Wm. B. Papin of St. Louis against the city of Austin for psyment of water and light bonds and interest, some of which matured July 1 and October 1, 1900, and some on the 1st of January, April, July and October, 1901. The aggregate amount sued for is \$16,800. These are known as dam bonds and their holders refuse to go into the adjustment made with the Pennsylvania Mutual Insurance Company, the largest holder of the bonds. The adjustment included all the outstanding bonds, and the last Legislature provided for the issuance of refunding bonds, which the parties bringing suit refuse to accept. See V. 73, p. 459.

Beatrlee, Neb.—Bond Litigation.—The following is gleaned from the Omaha "Bee" of October 27, 1901:

from the Omaha. "Bee" of October 21, 1991:

Another paving suit against the city of Beatrice has been commenced by two
Bastern banking institutions. In 1885 the city of Beatrice issued a series of
gaving, earlying andintersection bonds, to be payable on-tenth yearly. The
roughing County National Bank of New Hampshire, and levied a tax against
the property abuting the paving and curbing districts. The property owners
refused to pay the tax thus levied and the city was unable to meet the interest and principal when due. The two banks named have now taken the matter
to the United States Court, where they ask judgment in the sum of \$2,109 and
listerst and \$10,792 and interest, respectively.
Asother suit on paving bonds was recently decided in Judge Munger's Court
at Omaha, the Court holding that the bonds in question were legal and citing
the Mator and Council of this city to levy a tax with which to pay these bonds
and the interest thereon, the amount involved being \$4,15.

St. Charles, Mo.—Injunction Denied.—On Oct. 25 Judge Hough, in the Circuit Court, denied an injunction asked for by the Water and Improvement Co. of St. Charles to restrain the Mississippi Valley Trust Co. and the William C. Little & Bro. Investment Co. of St. Louis from negotiating bonds sold to them some six or eight months ago. These bonds were issued for the purpose of establishing a water-works system to be controlled by the city. The City of St. Charles was also a defendant in the case.

Wilkes-Barre Township (Pa.) School District.—Bond Sale Enjoined.—A preliminary injunction has been granted restraining this district from selling the \$8,500 5% bonds, the offering of which was advertised to take place on Oct. 30, 1901. It is alleged that there is no necessity for the issuance of these bonds. The case will be argued on November 6.

## Bond Calls and Redemptions.

Allentown, Pa.—Bonds Redeemed.—This city redeemed on November 1 out of funds in the general treasury ten bonds of \$500 each, issued Aug. 1, 1896.

Delaware County, Pa.—Bonds to be Redeemed.—The County Commissioners have made arrangements to redeem \$75,000 of the \$400,000 bonds now outstanding.

Shawnee County, Kan.—Bond Purchased.—The County Commissioners have purchased at 110 a \$1,000 6% bond which would not otherwise have matured until July 1, 1906. The bond was procured from L. A. Bigger of Hutchison, Kan.

Smith Center, Smith County, Kan.—Bond Call.—S. C. Stevens, City Treasurer, has called for payment December 1 at the State fiscal agency in New York City the following bonds:

\$18,000 bonds, Nos. 1 to 18, inclusive, issued Dec. 15, 1887, in aid of the Chicago Kansas & Nebraska Railroad.
25,000 water bonds, Nos. 1 to 25, inclusive, issued Nov. 1, 1889.

Stevens County, Wash.—Warrant Call.—The County Treasurer has called for payment general fund warrants up to and including No. 636, issued Aug. 23, 1892.

## Bond Proposals and Negotiations this

week have been as follows:

week have been as follows:

Allentown, Pa.—Bonds Proposed.—An ordinance is being considered by the City Councils providing for the issuance of \$22,000 3½% 5-30-year refunding bonds. The proceeds of the sale of these bonds will be used in paying off part of an issue of \$26,500 bonds which mature Jan. 1, 1902, the remaining \$4,500 being taken from the treasury. The Mayor, in this connection, writes us that he proposes to recommend to the City Councils that the new bonds be offered generally to the citizens of Allentown at a fixed premium.

Arcols, 111.—Bond Sale.—On October 24 this city sold an issue of \$3,000 5% current-expense bonds to John Nuveen & Co., Chicago, at 104-388. Following are the bids:

## REVIEW OF OCTOBER.

Perhaps the two most conspicuous features during October were the distrust manifested in industrial securities on the Stock Exchange, leading to further sharp breaks in the prices of the same, and the anomalous state of our foreign exchange market. The distrust of the industrial securities grew out of the reduction the previous month in the dividend on Amalgamated Copper stock, with the attending revelations concerning the falling off in the consumption of copper, but was intensified by a number of other circumstances. Thus the annual reports of these companies for the year ending June 30 1901 proved decidedly unfavorable in a great many cases.

These poor reports did not come from concerns in any one branch of industry, but embraced a great variety of industries. As a result, confidence in this class of shares, not any too strong before, decreased more and more, and every untoward incident served further to increase the prevailing uneasiness. The collapse in the shares of the National Salt Co. will serve as an excellent illustration of the unsettled feeling created. The common stock of this company sold down on very light transactions from 40 Oct. 2 to 23 Oct. 3. The occasion for the shrinkage was the announcement of the terms of exchange of the securities into a new company, to be called the International Salt Company. In this instance there was nothing to show that the business of the concern was not satisfactory, but apparently the fact that the new company was to have a very much larger capital than the company to be absorbed made security holders and the public solicitous, and there was also some criticism of the methods of financiering employed. Another disturbing incident of the month was the upholding by the Court of Appeals of the order granted by Justice Chase in the case brought against the American Ice Company under the Donnelly Anti-Trust law. The significance of this decision appears to have been greatly exaggerated, but coming at such a juncture it constituted an additional depressing influence.

The decline in the industrial stocks did not extend to the railroad shares except in the case of the highly speculative classes. The Atchison increased the semiannual dividend on its common stock from 11 to 2 per cent, and railroad earnings continued remarkably good. The group of stocks involved in the Morgan-Hill, Harriman-Kuhn, Loeb & Co. imbroglio developed unusual activity, and on occasions showed great strength on rumors that the matters in dispute would be satisfactorily adjusted. Northern Pacific preferred, in which, since the contest for control, transactions had been very infrequent, suddenly showed tremendous dealings and the price Oct. 18 rose to 108½; the close Oct. 31 was at 103½. Nothing definite developed regarding the prospects for an amicable settlement of the differences, though the belief was general that the interests at stake were too great to make any other outcome possible. Milwaukee & St. Paul common advanced sharply, touching 171½ on the 26th, against 154½ on the 7th, and it was hinted that that property was sought in the interest of one or the other of the parties to the contest. Later there was some reaction.

The Vanderbilt properties were also at times prominent in the market at rising prices. New York Central sold up from 154 on the 4th to 159\(\frac{5}{6}\) on the 23d. Another feature was a rise in Lake Shore stock, of which a comparatively small amount remains outstanding, from 275 to 325 (the highest previous price having been 250) on sales of only a few shares. Big Four common advanced to 100\(\frac{1}{2}\) on the 30th and Michigan Central also had a sensational rise.

A trade incident of the month was the action of M. C. D. Borden in announcing a further advance of 5 per cent in the wages of the operators at the mills of the Fall River Iron Works Co. after the announcement of a similar advance the month before. The motives underlying this move were not understood.

The course of foreign exchange has not been what might be looked for at a season of large merchandise exports such as distinguishes the autumn months. The tone of the market has been strong and rates of exchange have almost continuously advanced. While ordinarily gold imports are be counted as among the possibilities at this time of the year, an outflow of the metal actually occurred at the close of the month. The causes responsible for this peculiar situation are not all known or perfectly understood. A number of contributing circumstances however, are easily discernible. In the first place the European money markets have been decidedly firm. At Berlin the situation has been strained for a long time, owing to the depression prevailing in business and the collapse of industrial companies and the many bank failures. During the month just closed the Paris market also became disturbed. French investors appear to have sustained considerable losses through investments in foreign industrial enterprises-principally Russian; to this has now been added a great decline in copper stocks (which have always been favorites in the French markets) precipitated by the break here in Amalga-mated Copper and the disclosures regarding the piling up of stocks of the metal.

One result of the disturbance in the French markets has been a sharp advance in the open market discount rate at Paris. On September 30 the rate for discounts was still 14 per cent. From this there was an advance to 24@3 per cent in October. The rise led to the fear that a part of the enormous amount of French money

invested in trade and bank bills at London would be withdrawn from that market, and Paris exchange London, declined so as to make imports of gold from London profitable. At the same time Berlin also kept drav. ing gold from London. As a consequence of this double drain, open market discounts in London advanced from 2 3 16@2‡ per cent on September 30 to 34@34 per cent October 31, and the Bank of England Otto ber 31 advanced its minimum from 3 to 4 per cent, The reduction in the gold holdings of the leading European banks was on a really noteworthy scale Between September 26 and October 24 the holdings of the Bank of England dropped from £39,637,691 to £36,351,411, those of the Bank of France from £95. 356,646 to £94,358,263, and those of the Bank of Germany from £31,073,000 to £26,462,000. This is a loss for the three institutions of £8,895,663, or \$44. 478,000. In the week to Oct. 31 the Bank of England lost £696,888 more, but the Bank of France gained £671,000, and the Bank of Germany gained £1,683,000.

The high money rates abroad necessarily had their effect upon our exchange market. There were also reports of a dearth of cotton bills the early part of the month, and the cotton movement then undoubtedly was on a restricted scale; but later this was rec tified, the cotton exports then becoming free, though the price of the staple remained lower than a year ago. Owing to the corn crop failure and the high price to which the cereal has advanced, corn exports have been very restricted. As an offset, however, the shipments of wheat are on a large scale. As to the other influences affecting the market, it is contended that leading financial interests here have been extensive borrowers abroad since last spring, that these loans have been maturing, and that some of them have been paid off. It should likewise be noted that the latter part of the month it was reported that there was a demand to remit for the instalment due November 7 on American subscriptions to the £60,000,000 British consol. loan issued last April.

## NEW YORK STOCK EXCHANGE.

## MONTHLY AND YEARLY RECORD.

The following tables furnish a complete record of the New York Stock Exchange transactions for the past month The following tables furnish a complete record of the New York Stock exchange transactions for the past month and the year 1900. They need no extended introduction, as they are self-explanatory. The tables embrace every security and the year 1900. State bonds) dealt in on the Exchange. We give bonds first, using the classification adopted in the official list. As to prices the form is our own, and we think it will be found to contain just the facts desired by our readers official list. As to prices the form is our own, and we think it will be found to contain just the facts desired by our readers and to present them in the most convenient way for study and reference. All quotations in the column headed "Prices about January 2, 1901," were made on that date except those in italics, which are the nearest in January, 1901. The black-faced letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

For foot notes to tables see last page of Bonds and last page of Stocks.
